Institute of Financial Planners

2025 Continuing Education Courses

(FP Canada approved CE Activities)

Dear Member,

CIFPs offers a comprehensive suite of pre-approved CE titles that will allow you to meet your annual continuing education requirements to maintain your CFP® designation. Upon successfully completing three (8 credit) courses and the Professional Responsibility (2 credit) course, you will be eligible for 26 FP Canada verifiable credits as required by FP Canada. If you would like these CE activities to appear on your FP Canada CE Dashboard, you must enter them yourself. CE courses ordered and registered for 2025 must be completed by December 31, 2025, to comply with FP Canada CE requirements. All CE courses are available in an online format with the option to print the material directly from your computer. The same CE title may not be taken two years in a row.

CIFPs is pleased to announce that the CE courses used to complete your FP Canada requirements also cover your MFDA Continuing Education requirements.
